

WE NOT ONLY SOLVE THE PROBLEM, WE ALSO FIT THE SOLUTION.

Sizing louvres accurately is never easy. With so many factors to consider, we thought you might benefit from Naco's experience in this field. One of the leading brand divisions of Ruskin Air Management, our 40 years' experience has seen us expand from glass louvres into standard and high performance metal louvres, sun screens and natural air ventilators.

Along the way we've gathered a lot of expertise. More than enough, for instance, to create a special program to make sizing easier for ourselves and our customers. You can find it on our website.

Ruskin Air Management Limited

For more information, visit www.naco.co.uk, email sales@naco.co.uk or call 01746 761921 now.

Simply select an appropriate louvre for your application, then go to 'louvre calculations'. The correct sized louvre can be obtained by entering the air volume and the maximum pressure drop. We're here to help and advise you as to the most suitable products from our vast range to meet your specification.

Don't worry about fitting because that's another thing we can do for you.

There is no easier way. Because there is no-one quite like Naco.
